

# LED Safety Light

New & Improved!

M11 LED

## Description:

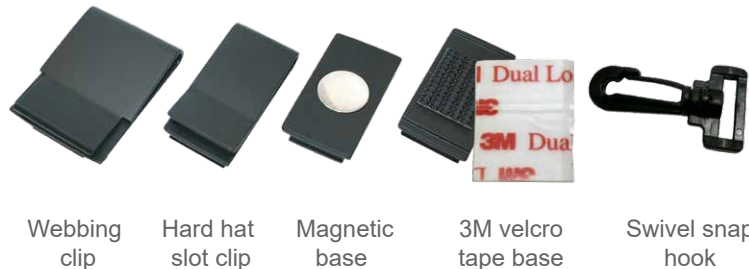

Check out Railhead's new M11 LED safety light! The new M11 is a highly versatile, hi-viz, water proof safety solution designed to help meet company or personal safety goals.

Weighing less than 1 oz. and measuring only 1.4" high and 1.9" long, the M11 is one of the smallest, lightest, and most versatile safety lights on the market. Our push button switch easily changes your light from steady on to flash mode. Each light includes batteries, a pocket/webbing attachment and swivel snap hook for use on shirts, safety vests, pockets, etc. Multiple color options are available to handle most safety needs.

## M11-kit includes:

- ▶ Clothing/webbing clip with swivel snap hook
- ▶ 2 hard hat slot clips
- ▶ Magnetic base
- ▶ 3M velcro tape base

Webbing clip    Hard hat slot clip    Magnetic base    3M velcro tape base    Swivel snap hook
